

Healthcare Accessibility in Mampong Municipality: Phase 1 vs Phase 2 Comparison

(Phase 1: 4 Captured Facilities) (Phase 2: With Additional Private & CHPS Facilities)

Phase 1:
(4 Captured Facilities)

Phase 2: With Additional Private & CHPS Facilities

Left: Phase 1 shows widespread poor access with only 4 captured facilities. Right: Phase 2 includes additional private clinics and CHPS compounds, resulting in modest improvements. However, rural and peri-urban towns/communities still face significant accessibility challenges.
